Invocations (1 minute)

In your own words, call Archangels Luci and Michael, plus any angels, saints, animal guides, mystic family...everyone you wish to surround and support you in this prayer.

"I _____, along with everyone gathering in Her Council of Love today and every day, call our wise, mystic, loving selves from the Once Was and the Not Yet to gather in this moment to shower our world and everyone who dwells here, with the healing power of Her Eternal, Original, Unconditional Love."

- Take a moment to feel Her Love filling your entire being: heart, eyes, mind, gut...every cell down to your mitochondria.
- Know that with each successive prayer, you are becoming a stronger, braver, more focused instrument of Her Love.

Silent Love (5 minutes)

Gaze with love at **Lady Freedom** on **Her Council of Love** painting for 5 minutes. As you gaze, see Her Love, Grace, Mercy, Strength, and Power spreading down the capitol dome, into the soil of Washington DC and out across the United States and the entire globe through interconnected, inter-communicating, mycelial-like channels. Let your imagination take your attention where it wants to go. Your experience may vary each time.

- Please note that in these five minutes there are **NO WORDS** and **NO INTENTION**.
- As we gaze, we partner with Lady Freedom's powerful love of freedom and justice.
- It is Her Love, Her Grace, Her Power that dissipates fear, awakens reverence, and creates an environment of mercy and freedom for all—human, nonhuman, the entire planet.
- In this prayer we ask to *become* Her council of souls—We are Her Council of Love.

Hana I Ka Pono (2 minutes)

As you gaze, you may notice black specs or fumes rising off the image. This is the natural effect of Her Love and Grace loosening and releasing hate, anger, abuse, greed...everything begging to be healed. After 5 minutes of gazing, speak this Hana I Ka Pono prayer aloud, asking the specs be transmuted to the pathway of light. (For breath and movement, watch Lāhela's teaching video.)

*"Invoking the power and strength of Lady Freedom, I, _____, and all who pray with me, offer ourselves to Hana I Ka Pono, to cultivate goodness, healing, and freedom for all life here on Mother Earth. We take **responsibility** and ask for **forgiveness** for all past, present, and future pain caused by personal and collective thoughts, words, actions and inactions.*

*We ask to **cut all negative cords** of domination, control, injustice, oppression, abuse, tyranny, greed, enslavement, and suffering. We ask that these cords be cut, severed, cleansed, purified, and **transmuted** to the pathway of light.*

*We ask that all be **renewed and restored** in Pono, in humility, in empathy, and in grace to honor, respect, and revere all life here on Mother Earth.*

Amama Ua Noa ... it is given, it is free, amene"

Bow in gratitude to Lady Freedom, your guides, and everyone in Her Council who is praying.

Her Council of Love has been created by prayer artist and mystic witch [Janet Conner](#) and mystic artist and oracle [Cathy Stevens Pratt](#) in response to an assignment given to [Freddy Gerow](#) by [Archangel Luci](#).^{*} This prayer was inspired by the *Light to the Prison* practice the [Masters and Teachers of the Akashic Record](#) (through [Lauralyn Bunn](#)) gave Janet in 2013 when her son became a political prisoner. They also instructed Janet to create *The 1 of Hearts* prayer in 2017 for this president's first inauguration. [Kahu Lāhela Johnson](#) developed a special version of *Hana I Ka Pono* for this prayer. [Jennifer DeVille Catalano](#) opens and closes the prayer with the Crystal Tones Alchemy singing bowls who asked to support us in prayer.
